

VEIKA was established in 1991 and holds its headquarters in Vilnius, Lithuania part of the EU and its subsidiary in Gomel, Belarus. The company develops, manufactures and markets water and solvent-based pigment inks, pigment pastes and plastisols for the tapestry, the wide format digital printing and the technical textile industries. With five laboratories and state-of-the-art equipment, Veika's researchers continuously deliver innovative products which respond to the industry's changes and meet high-quality standards.

DECOJET WALLCOVERINGS

Specifically designed for the printing of digital wallcoverings with eco-solvent inks. Developed and produced by VEIKA, an experienced producer of coatings for wallcoverings market.

Coating of the substrate is optimized for digital eco-solvent BALANCE inks produced by VEIKA as well.

Benefit from the convenience of premium non-woven backing that dominates in the wallcoverings world. It allows to apply and to remove wallcoverings easily. The hot embossed surface structure appears particularly sharp and realistic as well as it is robust and scratch resistance.

When both VEIKA substrate and inks are used, it provides the perfect combination and gives fastest drying rates, intensive colors and defect-free printing.

VEIKA DECOJET digital wallpapers are made on the highest quality materials and stand in the highest regulation standards. The 50 meters of wallcovering are conveniently wound on 76 mm cores that allow easily installation on the printer and several hours of unstoppable productivity.

DECOJET patterns: DECOSAND, DECOMARBLE, DECOLEATHER, DECODRIFT, DECOFROST.

| Roll Width | Roll Length | Core Diameter | Weight | Thickness | Suitable Ink/printing process | Packaging |
|------------|-------------|---------------|---|-------------|--|--|
| 1.07 m | 50 m | 76 mm | Non-woven 65 g/m ² Coating 180-200 g/m ² | 0.35-0.6 mm | Digital printing using eco-solvent inks. Chemical composition optimized for BALANCE ECO and BALANCE ECO FAST inks. | Edge protection, polyethylene bag and board box. |
